WEDDING PLANNING TIMELINE *what to expect*

Right Away

- Upon signing your contract and sending through your 50% deposit, your booking is official and I'll send you my preferred vendors list.

When you're ready

- Happy wedding planning! Feel free to invite me on Pinterest, send me images on Instagram, or email me any inspiration photos of your dress, venue, color palette or floral designs. I love all this stuff, so please include me if you wish!
- Start thinking of any special items you want photographed such as rings, special shoes, matching leather jackets, or anything else that tells your story. Do you want special accessories or fun props like balloons, sparklers, or smoke bombs in your photos? It's good for me to know these things in advance, so start planning and let me know as you go.

A few months before the wedding

- Start thinking of your COMPLIMENTARY engagement session. Where do you want to be photographed and what kinds of photos are you interested in? A complimentary engagement photoshoot is included in all my wedding packages, so please take advantage. I view the engagement session as a way to practice in front of the camera before the big day.

6 weeks before the wedding

- Expect to have the following four documents ready; Wedding Timeline, Wedding Photography Timeline, Wedding Vendor Checklist, and Family Photography Wish List. We'll have a non negotiable, sit down meeting to go over all the details of the day with a fine tooth comb 6 weeks before the wedding. Please include your wedding planner in this process and have all documents ready in advance. Don't worry, I will help you too!

1 Month before the wedding

- Your remaining balance is due. Please send me your balance through e-transfer to maxinelagarde@gmail.com

10 days before the wedding

- At this time, we will go over all details and make a contingency plan for poor weather and any last minute changes. If you have a wedding planner, please invite them to this meeting.
